UTDANNING

Bachelor's degree in software engineering Oslomet
August 2022 – June 2025

- During this education, i have mainly focused on Java as a programming language. I have also gained a solid foundation in front-end development, databases, VCS, python, and system development.
- Grade Point Average: A

ARBEIDSERFARING

Teaching assistant Oslomet
August 2023 – December 2023

- Participation in teaching sessions, where I have provided guidance and support, as well as evaluation and correction of obligatory assignments.
- Mentor at the start of the semester, where I offered guidance to help new students with a smooth adaptation into the university's environment.

Customer Service Representant Transcom Norge
August 2021 – August 2023

- Inquiries related to mobile subscriptions and mobile broadband services at ICE. The main focus during my employment period was in the chat department, where I specialized in sales.
- Took on the role of mentoring new employees and offered training and support in company and team processes and procedures.

Restaurant employee Burger King Solli
December 2018 – August 2021

- Part-time job alongside high school
- Some of the qualities I have acquired include the ability to handle high work pressure, collaborate and work independently.
